SPECIFICATIONS FOR COOPERATIVE BUS PARTS

The award for Cooperative Bus Parts will be recommended to the lowest responsive and responsible bidder(s) in part or in whole who meet(s) all the terms of these Specifications and the attached General Conditions. Monroe 2-Orleans BOCES reserves the right to recommend the award on an aggregate basis, by category or groups of categories, by line item, or combination of items, in whatever manner is deemed to serve the best interest of the participants. Monroe 2-Orleans BOCES also reserves the right to award some or all items to both a primary and secondary vendor to secure product availability and pricing in the event of the primary vendor being unable to fulfill their obligations of this bid.

BID FORMS (VENDOR BID LISTING)

Bids should be submitted on the Vendor Bid Listing. Vendor Bid Listing has been provided in Excel for convenience. Bidders should complete the shaded areas on this form (for no bid items leave cells blank), print a hardcopy, and submit it with other items required as per instruction on page 1. Bidders should also provide completed Vendor Bid Listing on a CD or flash drive. The hard printed copy bid will take precedence should any discrepancies between the hard copy and CD/flash drive exist. BIDS SUBMITTED WITHOUT HARD PRINTED COPY CANNOT BE ACCEPTED AND WILL BE REJECTED. NO BIDS MAY BE SUBMITTED VIA EMAIL OR FAX.

- All items bid are expected to be in stock and available for delivery. Items not stocked should be noted as a variance, with lead time listed. Items with unacceptable lead times may be rejected.
- Bid unit prices are to be held firm for the contract period. Bids submitted may be rejected if bid forms are not completed as instructed.
- Bidder's name should be written on every page.
- Bid pricing shall be per unit stated, and include all transportation charges. No additional charge of any kind is allowed.
- For every item bid, including those meeting specifications, enter in the brand column both the manufacturer's name and item number as well as the bidder's item number.
- Variances to unit specified must be stated in the variance column, and include bidder's unit and cost per bidder's unit, and bid price must be converted to specified unit.

It shall be understood that a bidder may submit only one bid for each line item and only one bid package for award consideration. Submission of more than one bid per item or more than one bid package shall be deemed collusion and that all bids received from the submitting bidder shall be rejected. It shall also be understood that alternate items will be evaluated; however, only one line item bid shall be entered. Any additional alternate line items bid will be rejected and not considered for bid award.

ESTIMATED QUANTITIES

Vendor Bid Listing forms provide estimated quantities for all items bid; details of quantities by district can be found on the Distribution Spreadsheet. These estimates do not guarantee maximum or minimum quantities for the contract period; this is noted as an exception to General Conditions. Each district will issue purchase orders for actual quantities needed.

SPECIFICATIONS FOR COOPERATIVE BUS PARTS (continued)

Bid participants will notify the awarded bidder if estimated quantities are significantly under or overestimated. All items awarded are available to be purchased by all participants, whether or not quantities were estimated by a district for any item.

QUALIFICATIONS OF BIDDERS

In determining the qualifications of a bidder, the record of performance of any similar contract previously entered into with any bid participant or any other public body will be considered. Monroe 2-Orleans BOCES reserves the right to reject any bidder deemed not properly qualified to carry out the obligations of the contract.

SAMPLES

Additional samples may be requested at the discretion of the bid coordinator. Samples must be delivered to the bid coordinator not more than seven (7) days from date of the request.

ORDERING

No minimum order shall be required. Districts will place purchase orders for actual quantities needed. Upon receipt of a purchase order, bidder will acknowledge receipt and advise district of the approximate shipping date, including the anticipated date of backorders. No substitutions for out of stock items may be made without advance approval by the ordering district. If the ordering district is forced to purchase out of stock items or items not meeting specifications from another vendor, and no acceptable substitution can be made, the difference must be paid by the original bidder. Partial shipments may be requested at the discretion of the ordering district.

DELIVERIES

Deliveries will be made during regular school hours to the Delivery Locations listed in this bid package. Included in every delivery shall be a packing list indicating Purchase Order number, name of item, item number, quantity and any other pertinent information necessary to identify the items shipped, and any item containing a chemical substance must be accompanied by a safety data sheet.

All ordered items are expected to be in stock and available for two day delivery. If an awarded vendor is unable to meet this delivery requirement, they must notify the district upon receipt of the purchase order, and if anticipated delayed delivery does not meet the needs of the district, the district may obtain the item from an alternate source. The vendor is advised that normal delivery shall occur during normal business hours.

All delivery personnel shall be appropriately dressed and display visible identification when entering the buildings of any participating school district.

SPECIFICATIONS FOR COOPERATIVE BUS PARTS (continued)

GUARANTEE\RETURNS

The manufacturer's standard guarantee shall apply from the date the item is installed. During the guarantee period the successful bidder must repair and/or replace the unit without cost to the District with the understanding that all replacements shall carry the same guarantee as the original equipment. The successful bidder shall make any such repairs and/or replacements immediately upon receiving notice from the participating school districts.

If the item or items called for in these specifications are delivered and fail to meet specifications in any respect, the bidder will be notified and he will arrange for their removal at no expense to the district. If items are not removed, arrangements will be made to have these items removed at the expense of the bidder.

INVOICES

Invoices presented must be accurate, noting Purchase Order number, name of item, item number, quantity shipped, bid pricing per unit and extended cost, and all credits due. Credits must reference original invoice. Early payment discount option should be noted on invoices. Inaccurate invoices will not be considered for payment until corrected; payment terms will be applicable from the date the accurate invoice is received.

UNRESOLVED COMPLAINTS

Both the districts and the awarded vendor will submit unresolved complaints in writing to the Monroe 2-Orleans BOCES bid coordinator within four (4) days of occurrence. The coordinator will maintain a file of all complaints that are submitted from districts and vendor, including those resolved or unresolved. Monroe 2-Orleans BOCES reserves the right to consider these as part of a vendor performance evaluation.

DISCREPANCIES OR OMISSIONS

Should any prospective bidder find discrepancies or omissions in the specifications, he shall notify the bid coordinator at once, who will provide written instructions to all bidders.

PICK UPS

Vendors awarded brake shoes, alternators and or starters are required to make regular core pick ups to be determined by the individual participants.

Fifty-five gallon drums remain the property of the vendor, and will be picked up by the vendor when empty. Any deposit paid for by a participant will be credited or refunded at the discretion of the district.

BULK STORAGE

The participants who provide district owned bulk storage require the awarded vendor to pump the oil into the storage tanks. Those without district owned bulk storage will require vendor to supply storage tank and equipment necessary to dispense.

SPECIFICATIONS FOR COOPERATIVE BUS PARTS (continued)

ADDITIONAL PARTICIPANTS

Monroe 2-Orleans BOCES wishes to make this contract available to additional participants not listed in these specifications as permitted under NYS General Municipal Law. Upon receipt of the consent of the awarded vendor(s), Monroe 2-Orleans BOCES will advise both the additional participant(s) and vendor(s).

BIDS

1. The date, time, and place of bid opening will be given in the Notice to Bidders.
2. All bids must be submitted on bid offer forms and in accordance with instructions provided by the board.
3. All bids received after the time stated in the Notice to Bidders may not be considered and will be returned unopened to the bidder. The bidder assumes the risk of any delay in the mail or in the handling of the mail by employees of the school district. Whether sent by mail or by means of personal delivery, the bidder assumes responsibility for having his bid deposited on time at the place specified.
4. All information that is required by Notice to Bidders, General Conditions, Specifications, and Bid Offer, in connection with each item against which a bid is submitted, must be given to constitute a regular bid.
5. The non-collusive bidding certification must be included with each bid as required by General Municipal Law, Section 103-d.
6. The submission of a bid will be construed to mean that the bidder is fully informed as to the extent and character of the service, supplies, materials, or equipment required and a representation that the bidder can furnish the service, supplies, materials, or equipment satisfactorily in complete compliance with the specifications.
7. No alteration, erasure, or addition is to be made in the typewritten or printed matter. Deviations from the specifications must be set forth in space provided in bid for this purpose.
8. Prices and information required should be typewritten for legibility. Illegible or vague bids may be rejected. All signatures must be written. Facsimile, printed, or typewritten signatures are not acceptable.
9. Sales to school districts are not affected by any fair trade agreements. (General Business Law, Sec. 369-a, sub. 3).
10. No charge will be allowed for Federal, State, or municipal sales and excise taxes since the school district is exempt from such taxes. The price bid shall be net and shall not include the amount of any such tax.
11. In all specifications, the words "or equal" are understood after each article giving manufacturer's name or catalog reference, or on any patented article. If bidding on items other than those specified, bidder must in every instance give the trade designation of the article, manufacturer's name, and detailed specifications of item he proposes to furnish. Otherwise, bid will be construed as submitted on the identical item as specified.

GENERAL CONDITIONS (continued)

12. Bids on equipment must be on standard new equipment, of latest model and in current production, unless otherwise specified.
13. All regularly manufactured stock electrical items must bear the label of the Underwriters' Laboratories, Inc.
14. When bids are requested on a lump sum basis, bidder must bid on each item in the lump sum group. A bidder desiring to bid "no charge" on an item in a group must so indicate; otherwise bid for the group may be rejected.
15. All prices quoted must be "per unit" as specified; e.g., do not quote "per case" when "per dozen" is requested; otherwise, bid may be rejected.
16. Bidder must insert the price per unit and the extensions against each item in his bid. In the event of a discrepancy between the unit price and the extension, the unit price will govern. Prices shall be extended in decimals, not fractions.
17. Prices shall be net, including transportation and delivery charges fully prepaid by the successful bidder to destination indicated in the instructions to bidders. If award is made on any other basis, transportation charges must be prepaid by the successful bidder and added to the invoice as a separate item. In any case, title shall not pass until items have been delivered and accepted.
18. All bids must be sealed. They must be submitted in envelopes furnished by the school district, if any. Otherwise, plain, opaque envelopes may be used, clearly marked "BID." Also the date and time of the bid opening as indicated on the Notice to Bidders must appear on the envelope. Bids must not be attached to or enclosed in packages containing bid samples. Telephoned quotations or amendments will not be accepted at any time.
19. No interpretation of the meaning of the specifications or other contract document will be made to any bidder orally. Every request for such interpretation should be in writing, addressed to the school district, not later than five (5) days prior to the date fixed for the opening of bids. Notice of any and all such interpretations and any supplemental instructions will be sent to all bidders of record by the school district in the form of addenda to the specifications. All addenda so issued shall become a part of the contract documents.
20. If the supplies, materials, or equipment are to be delivered over an extended period of time, or if the specifications so state, then the successful bidder may be required to execute an agreement in relation to the performance of his contract, such agreement to be executed by the bidder within 15 days after notification to execute such contract. If the specifications so state, the successful bidder also may be required to furnish a performance bond equal to the full amount of the contract to guarantee the faithful performance of such contract. Such performance bond shall be maintained in full force and effect until the contract shall have been fully performed. The Surety Company furnishing such performance bond shall be authorized to do business in the State of New York and must be satisfactory to the school district. The successful bidder shall execute the performance bond at the time of the execution of the contract by the successful bidder and the board.

GENERAL CONDITIONS (continued)

SAMPLES

21. All specifications are minimum standards; and accepted bid samples do not supersede specification for quality unless bid sample is superior, in which case deliveries must be the same identity and quality as accepted bid sample.
22. The school district reserves the right to request a representative sample of the item quoted upon either prior to the award or before shipments is made. If the sample is not in accordance with the requirements of the specification, the school district may reject the bid; or, if award has been made, cancel the contract at the expense of the successful bidder.
23. Samples, when required, must be submitted strictly in accordance with instructions; otherwise, bid may not be considered. If samples are requested subsequent to bid opening, they shall be delivered as directed for bid to have consideration. Samples must be furnished free of charge and must be accompanied by descriptive memorandum invoices indicating if the bidder desires their return and specifying the address to which they are to be returned provided they have not been used or made useless by tests. Award samples may be held for comparison with deliveries. The school district will not be responsible for any samples destroyed or mutilated by examination or testing. The bidder at his expense shall remove samples. Samples not removed within fifteen (15) days after written notice to the bidder will be regarded as abandoned and the school district shall have the right to dispose of them as its own property.
24. When a specification indicates that an item to be purchased is to be equal to a sample, such sample will be on display at a designated location in the school district. Failure on the part of the bidder to examine sample shall not entitle him to any relief from the conditions imposed in the proposal, specification, etc.

AWARD

25. Awards will be made to the lowest responsible bidder, taking into consideration the reliability of the bidder, the quality of the materials, equipment, or supplies to be furnished, their conformity with the specifications, the purposes for which required, and the terms of delivery.
26. The school district reserves the right to reject all bids. Also reserved is the right to reject, for cause, any bid in whole or in part to waive technical defects, qualifications, irregularities, and omissions, if in its judgment the best interests of the district will be served. Also reserved is the right to reject bids and to purchase items on State or county contracts if such items can be obtained on the same terms, conditions, specifications, and at a lower price.
27. The school district reserves the right to make awards within sixty (60) days after the date of the bid opening during which period bids may not be withdrawn unless the bidder distinctly states in his bid that acceptance thereof must be made within a shorter specified time.

GENERAL CONDITIONS (continued)

28. Where a bidder is requested to submit a bid on a total sum or sums, the right is reserved to award contracts on total sum or sums, whichever is in the best interests of the school district.
29. If two or more bidders submit identical bids as to price, the decision of the board to award a contract to one of such identified bidders shall be final. (General Municipal Law, Sec. 103, sub. 1.)

CONTRACT

30. Each bid will be received with the understanding that the acceptance thereof in writing by the board, to furnish any or all of the items described therein shall constitute a contract between the successful bidder and the school district. Contract shall bind the successful bidder on his part to furnish and deliver at the prices and in accordance with the conditions of his bid. Contract shall bind the school district on its part to order from such successful bidder and to pay for at the contract prices, all items ordered and delivered, within ten (10) percent over or under the award quantity, unless otherwise specified.
31. The placing in the mail of a notice of award or purchase order to a successful bidder, to the address given in his bid, will be considered sufficient notice of acceptance of contract.
32. If the successful bidder fails to deliver as ordered, or within the time specified, or within reasonable time as interpreted by the school district, or fails to make replacement of rejected articles, when so requested immediately or as directed by the school district, the school district may purchase from other sources to take the place of the item rejected or not delivered. The school district reserves the right to authorize immediate purchase from other sources against item rejections or not delivered on any contract when necessary. On all such purchases the successful bidder agrees to reimburse the school district promptly for excess costs occasioned by such purchases. Should the cost be less, the successful bidder shall have no claim to the difference. Such purchases will be deducted from contract quantity.
33. A contract may be canceled at the successful bidder's expense upon nonperformance of contract.
34. Cancellation of contract for any reason may result in removal of the successful bidder's name from mailing list for future proposals for an indeterminate period.
35. When materials, equipment, or supplies are rejected, the successful bidder from the premises of the school district must remove them within ten (10) days of notification. Rejected items left longer than ten (10) days will be regarded as abandoned, and the school district shall have the right to dispose of them as its own property.
36. No items are to be shipped or delivered until receipt of an official purchase order from the school district.
37. It is mutually understood and agreed that the successful bidder shall not assign, transfer, convey, sublet, or otherwise dispose of the contract or his right, title, or interest therein, or his power to execute such contract, to any other person, company, or corporation, without the previous written consent of the school district.

GENERAL CONDITIONS (continued)

INSTALLATION OF EQUIPMENT

38. The successful bidder shall clean up and remove all debris and rubbish resulting from his work from time to time as required or directed. Upon completion of the work the premises shall be left in a neat, unobstructed condition, and the buildings broom cleaned, and everything in perfect repair and order. Old materials are the property of the successful bidder unless otherwise specified.
39. Equipment, supplies, and materials shall be stored at the site, only on the approval of the school district and at the successful bidder's risk. In general, such on-site storage should be avoided to prevent possible damage or loss of the material.
40. Work shall be progressed so as to cause the least inconvenience to the school district and with proper consideration for the rights of other successful bidders or workmen. The successful bidder shall keep in touch with the entire operation and install his work promptly.
41. Bidders shall acquaint themselves with conditions to be found at the site and shall assume all responsibility for placing and installing the equipment in the locations required.
42. Equipment for trade-in shall be dismantled by the successful bidder and removed at his expense. The condition of the trade-in equipment at the time it is turned over to the successful bidder shall be the same as covered in the specifications, except as affected by normal wear and tear from use up to the time of trade-in. All equipment is represented simply "as is." Equipment is available for inspection only at the delivery point listed for new equipment, unless otherwise specified.

GUARANTEES BY THE SUCCESSFUL BIDDER

43. The successful bidder guarantees:
 - (a) His products against defective material or workmanship and to repair or replace any damages or marring occasioned in transit.
 - (b) To furnish adequate protection from damage for all work and to repair damages of any kind for which he or his workmen are responsible, to the building or equipment, to his own work, or to the work of other successful bidders.
 - (c) To carry adequate insurance to protect the school district from loss in case of accident, fire, theft, etc.
 - (d) That all deliveries will be equal to the accepted bid sample.

GENERAL CONDITIONS (continued)

(e) That the equipment delivered is standard, new, latest model of regular stock product or as required by the specifications; also that no attachment or part has been substituted or applied contrary to manufacturer's recommendations and standard practice. Every unit delivered must be guaranteed against faulty material and workmanship for a period of at least one-year from date of delivery. If during this period such faults develop, the successful bidder agrees to replace the unit or the part affected without cost to the school district.

Any merchandise provided under the contract, which is or becomes defective during the guarantee period shall be replaced by the successful bidder free of charge with the specific understanding that all replacements shall carry the same guarantee as the original equipment. The successful bidder shall make any such replacement immediately upon receiving notice from the school district.

DELIVERY

44. Delivery must be made in accordance with the instructions to bidders and specifications. If delivery instructions do not appear on order, it will be interpreted to mean prompt delivery. The decision of the school district as to reasonable compliance with delivery term shall be final.
45. The school district will not accept any deliveries on Saturday, Sundays, or legal holidays, except commodities required for daily consumption or where the delivery is for an emergency.
46. Items shall be securely and properly packed for shipment, storage, and stocking in shipping containers and according to acceptable commercial practice, without extra charge for packing cases, baling or sacks.
47. The successful bidder shall be responsible for the delivery of items in good condition. He shall file with the carrier all claims for breakage, imperfections, and other losses, which will be deducted from invoices. The receiving school district will note for the benefit of successful bidder when packages are not received in good condition.
48. Unless otherwise stated in the specifications, all items must be delivered into and placed at a point within the building as directed by the shipping instructions or the agent for the school district. The successful bidder will be required to furnish proof of delivery in every instance.
49. Unloading and placing of the equipment and furniture is the responsibility of the successful bidder, and the school district accepts no responsibility for unloading and placing of equipment. Any costs incurred due to the failure of the successful bidder to comply with this requirement will be charged to him. No help for unloading will be provided by the school district, and suppliers should notify their truckers accordingly.

GENERAL CONDITIONS (continued)

50. All deliveries shall be accompanied by delivery tickets or packing slips. Ticket shall contain the following information for each item delivered:

Contract Number and/or Purchase Order Number

Name of Article

Item Number (if applicable)

Quantity

Name of the Successful Bidder

Carton shall be labeled with purchase order or contract number, successful bidder's name and general statement of contents. Failure to comply with this condition shall be considered sufficient reason for refusal to accept the goods.

PAYMENTS

51. Payment for the used portion of an inferior delivery will be made by the school district on an adjusted price basis.
52. Payment will be made only after correct presentation of claim form or invoices as may be required.
53. Payments of any claim shall not preclude the school district from making claim for adjustment on any item found not to have been in accordance with the contract specifications.

SAVING CLAUSE

54. The successful bidder shall not be held responsible for any losses resulting if the fulfillment of the terms of the contract shall be delayed or prevented by wars, acts of public enemies, strikes, fire, floods, acts of God, or for any other acts not within the control of the successful bidder and which by the exercise of reasonable diligence he is unable to prevent.
